RED

“Affordable safety, premium quality
- that’s **RED’s** promise to you!”

“RED MAKES SAFETY ACCESSIBLE TO EVERYONE”

We at MH Verschleißteilservice GmbH, prioritize the safety of our customers above all else. That's why our sandblasting helmets undergo rigorous testing and are **CE certified** to ensure they **meet all safety and regulatory EU rules**.

This means that our helmets have been thoroughly evaluated and proven to provide the necessary protection and meet the strict safety standards set by the European Union.

When you choose a **RED** helmet, you can rest assured that you're getting a product that has been thoroughly tested and meets the highest safety standards.

We are constantly expanding our product line to meet the evolving needs of our customers.

We are committed to providing top-quality sandblasting helmets and safety gear, as well as exceptional customer service.

That's why we offer German and English speaking support to ensure that our customers have access to the information and assistance they need.

“Affordable safety, premium quality”

At MH Verschleißteilservice GmbH, we strive to be your one-stop-shop for all of your sandblasting safety needs.

ADVANCING
YOUR SAFETY

REDI

RED 1

RED

RED 1

“AFFORDABLE PROTECTION FOR OCCASIONAL SANDBLASTING - RED 1 HAS GOT YOU COVERED!”

If you're looking for an affordable, high-quality sandblasting helmet that can handle occasional use, **RED 1** is the perfect choice for you.

The **RED 1** helmet package includes a variety of protective features, including a removable and replaceable CAPE to protect your neck and shoulders, as well as inner and outer lenses made of durable plastic to keep your eyes safe from flying debris.

The helmet also comes with an air connection valve, which allows you to easily connect the helmet to your air supply.

With an adjustable telescopic bracket, the **RED 1** helmet can accommodate various head sizes for a comfortable, secure fit.

At **RED**, we understand that safety is a top priority, and we are committed to providing affordable solutions for all of your sandblasting needs.

Low Flow Indicator - INCLUDED

RED2

RED

“UPGRADE YOUR SAFETY TO THE NEXT LEVEL WITH RED 2 SANDBLASTING HELMET”

For more intensive sandblasting jobs that require increased protection, the **RED 2** sandblasting helmet is the perfect solution.

A larger field of view, and enhanced air flow indicators, you can work safely and efficiently with confidence.

The **RED 2** helmet package includes a removable cape, air connection, and inner and outer lenses to keep you fully protected.

The **RED 2** sandblasting helmet is designed with your comfort in mind, in addition to providing exceptional protection.

With improved noise isolation, you can work more comfortably and without the distractions of loud, grinding noise.

The helmet also includes extra padding to help reduce fatigue and increase overall comfort during extended periods of use.

At **RED**, we understand the importance of staying safe while on the job, and we are committed to providing our customers with the highest-quality sandblasting helmets available.

Choose **RED 2** for the ultimate protection and peace of mind.

Low Flow Indicator - INCLUDED

RED SAF

RED SAF

**“BREATHE EASY
WITH RED SAF -
YOUR ULTIMATE
SANDBLASTING
BREATHING FILTER!”**

The **RED SAF** breathing air filter is an essential component of any sandblasting safety equipment.

With its activated carbon filter, the **RED SAF** is designed to remove dust, fumes, and other hazardous particles from the air you breathe while sandblasting.

The filter is replaceable, making it easy to maintain and ensuring that you always have clean, filtered air while on the job.

The **RED SAF** breathing air filter is **CE** certified **and meets all EU regulations**, providing peace of mind and assurance that you're using a high-quality, safe product.

At **RED**, we believe that safety should never be compromised, and we are committed to providing our customers with the best possible sandblasting safety equipment to keep them safe and productive on the job.

WEAR

“STAY PROTECTED
WITH **RED** WEAR:
YOUR PARTNER IN
SANDBLASTING
SAFETY.”

RED

“RED NYLON” OVERALL

RED nylon overalls for sandblasting are a type of protective clothing designed to shield the wearer’s body from the abrasive effects of sandblasting. **Made from durable nylon material**, overalls provide a full-body protective barrier against airborne particles and debris generated during sandblasting operations. They feature elastic cuffs and waistbands for a snug fit.

RED nylon overalls for sandblasting are an essential piece of safety equipment for anyone involved in this potentially hazardous process.

Material:
Nylon / Cotton

“RED LEATHER” OVERALL

RED leather overalls for sandblasting are a type of protective clothing designed to shield the wearer’s body from the abrasive effects of sandblasting. Unlike nylon overalls, which are lightweight and flexible, **leather overalls offer greater resistance to punctures and tears, making them more durable and suitable for use in harsher sandblasting environments.**

Thick leather material also provides **better protection** against high-velocity impacts and reduces the risk of abrasion injuries.

RED leather overalls for sandblasting are a heavy-duty and reliable option for workers in this industry.

Material:
Leather / Cotton

“RED LEATHER” GLOVES

RED leather gloves for sandblasting are a type of protective handwear specifically designed for use in sandblasting applications.

Made from **high-quality leather**, these gloves provide **excellent protection** against the abrasive particles that are generated during sandblasting.

They are also **lined with a soft material for added comfort** and feature a durable construction that can withstand the rigors of frequent use.

RED leather gloves for sandblasting **are an essential** piece of personal protective equipment for anyone working in this field.

Material:
Leather / Cotton

RED

GET IN TOUCH

At RED, we value the relationship we have with our customers, and we are committed to providing excellent

service and support. We believe that communication is key to ensuring our customers have the best possible experience, and that's why we make it easy for you to get in touch with us.

Whether you have questions about our products, need help with an order, or simply want to provide feedback, we're here to help. Our German and english speaking support team is available to answer your questions and provide assistance when you need it. You can reach us by phone, email, or through our website, and we'll do our best to respond as quickly as possible.

“Get in touch for support and fast, reliable service - RED has you covered!”

In addition to our support team, we also have all the parts for our products in stock, ensuring that we can fulfill your orders quickly and efficiently. We understand that time is of the essence, especially when it comes to safety equipment, and we strive to provide fast delivery on all orders.
